Panim (Faces): The launch of the UK branch of Meir Panim

Meir Panim has commissioned UK-based photographer Dan Shmidt to take pictures of the charity's clients telling emotive stories through photographs about the charity's work in Israel.

Meir Panim: Eliminating poverty among children, families and Holocaust survivors in Israel:

30 branches throughout Israel, over 1m meals a year for needy people, 1,000 food shopping cards for Holocaust survivors, six after-schools youth clubs, 9 warehouses for second-hand home appliances, vocational training courses for the unemployed.

The launching event focuses on the food shopping card project for needy Holocaust survivors in Israel.
